DUNN DRAWS A LIFE SENTENCE

Court Accepts Plea of Guilty to
Second Degree Murder and
Life Sentence Inflicted.

ARRAIGNED LATE SATURDAY

Trial Was Scheduled for Today on
First Degree Charge—Shot
His Wife Last September.

The final chapter in the Dunn murder case was written here late Saturday afternoon, when it was generally agreed upon to allow Fred Dunn, accused murderer, to enter a plea for the second time this term of court of guilty, and take the life sentence. The case was scheduled for trial today, but last week it was intimated that because of the quarantine of several witnesses for the defense, the case would not be tried.

T. M. Green, one of the attorneys for Dunn, was in Indianapolis Saturday communicating with Albert Dunn of Illinois, brother of the accused, regarding certain matters in the case, and the brother consented to the agreement of allowing the prisoner to plead guilty to the charge of second degree murder, instead of standing trial.

The charge placed against Dunn, and upon which he stood trial before, was the first degree murder, and a plea of guilty could not be accepted by the court, but had to be heard before a jury.

At the former trial the defense pleaded insanity, induced by epilepsy, and secured a "hung" jury. The defense was equally as certain today of basing a stronger case along the insanity part, which upon conviction would have sent Dunn to the criminal hospital for the insane.

The charge was changed late Saturday afternoon to second degree murder, and Judge Sparks pronounced the life sentence. Sheriff Jones will leave for Michigan City with the prisoner as soon as the commitment papers are received. Dunn is 39 years old.

Mr. Green and John A. Tittsworth, who represented Dunn at the former trial, and who would have again appeared for him, stated today that the motive for pleading guilty and taking the life sentence consisted of several reasons.

They pointed out that if the prisoner is sent to the criminal hospital for the insane, he is confined, and his general health is at stake. The real motive, however, is that the state pardon board does not have control over the insane prisoners, and his case would forever be lost as far as a pardon is concerned.

ROSS JONES IN JAIL AGAIN

Young Man Under Suspended Sentence Accused by a Girl.

Ross Jones, the young man who was given a suspended sentence a few weeks ago by Judge Sparks, after having pleaded guilty of being implicated in the thefts of express shipments, was again placed in jail Sunday upon complaint of a young girl living in Circleville. No charge was placed against Jones, and the matter will be investigated by the court, which if true, will cause his suspended sentence to be revoked. Jones' father is now serving a long sentence in the state prison for a similar offense, and the girl who charges the young man, is said to be a sister of the other girl who implicated the older Jones. The girl in the present case is said to be in the neighborhood of 20 years old.

1920 MORTGAGES SHOW INCREASE

Total of 881 Filed During the Year
Involving \$1,572,390 Which
Exceeds Former Year.

DEFICIT OF A HALF MILLION
\$1,051,926 Paid off in Satisfied Mortgages and 685 Real Estate Sales Recorded.

During the year 1920 there were 881 mortgages filed in the County recorder's office, with a total amount of \$1,572,390 involved. The annual report of the office, from a financial standpoint, is not very encouraging because compared with 881 mortgages filed, only 587 were satisfied during the year, leaving the difference of \$500,000, which means a half million dollars more property is mortgaged now than a year ago.

The total mortgages filed are divided into several classifications, with chattel mortgages heading the list at 328. Farm mortgages amounted to 272, with a valuation of \$1,159,994.

The report of the office business is made annually and has been sent to Charles Kettleborough, director of the department of statistics, legislative reference bureau, by Howard Campbell, county recorder.

There were 246 farm mortgages paid off during the year, for the total amount of \$775,695, which deducted from the mortgages filed, leaves almost \$400,000 more outstanding on farms in the county than a year ago.

The mortgages on town lots, city and town property amounted to \$224,292 during the year with 179 being filed. The school fund mortgages numbered 24, with a consideration of \$30,450.

Seventy eight persons also filed liens against property with a total amount of \$14,199 being involved. During the year 28 liens were satisfied, which amounted to \$4,334.

According to Mr. Campbell's report there were 685 real estate transfers made, which amounted for the year in land sales to \$2,687,917. Of the 685 deeds filed, 117 were listed at "one dollar", which is not the true value in all cases but placed on record as such, in order to withhold the true amount received for the property.

Besides the real estate transfer deeds filed there also were 157 other papers filed, including incorporation papers and miscellaneous papers.

During the year three farmers had their "Farm Names" recorded. Sheriff Jones filed two sheriff deeds, which were real estate properties sold at sheriff's sales. The county auditor also filed one deed.

The number of deeds filed and the considerations, make the report show up well, with the exception of the mortgage portion, which shows an increase in the amount of mortgaged property.

The year's business, as far as the office is concerned, is better than the average, and more business was transacted than in the year previous, during which time Mr. Campbell has been in the office.

DON LOONEY IS ILL.

Don Looney is suffering with a severe attack of influenza at the home of his parents, Mr. and Mrs. Alfred Looney, in West Third street.

RED LETTER DAY AT M.E. REVIVAL

Three Meetings Sunday are Well Attended, Especially One in Afternoon for Men Only

SECOND COMING OF CHRIST

Dr. L. W. Munhall Discusses Subject at 10.30 A. M. Declaring That His Advent is Imminent

Sunday was sure a "Red Letter Day" in the revival meetings at the St. Paul's M. E. church. Dr. L. W. Munhall preached on "The Second Coming of Christ" to a full house at 10:30 a. m., spoke to a men's meeting in the afternoon and in the evening spoke to a congregation which filled the auditorium.

He showed by the scriptures that Jesus will return to this earth personally and that this coming is imminent; that when He comes the dead will be raised and the living right course translated, the faithful rewarded and the heavenly mansions occupied and the eternal glory entered upon. The exhortation was to be faithful and ready, watching and working, "for we know not the hour when our Lord may come". The great audience was profoundly moved.

The 3 p. m. service was for men only. Rushville has seldom ever seen so many men assembled in a single service. The church was crowded to the doors. The ladies who have been singing in the meetings were present in the opening exercises, at the request of Dr. Munhall, and then withdrew and the choir balcony was filled with men who were standing.

The ladies received a vote of thanks before leaving from the great audience. The address was a plain, searching treatment of matters relating to sins peculiar to men, especially young men; and the great audience listened closely to everything that was said.

The night service crowded the auditorium and overflowed into the Sunday school room. The text was Psalms 8: 3-4 and the sermon had to do with the vastness and wonders of the physical heavens and man's comparative insignificance. It commanded the closest attention of an audience made up for the most part of intelligent and thoughtful people.

It is expected that it will be a great week for the meetings. Women of the church were visiting all homes in Rushville today inviting the people to attend the services and the men are doing the same among the stores, offices and manufactories and it is expected that everybody in Rushville will receive a personal invitation to attend the meetings. Tonight Dr. Munhall will preach on dancing, card playing and theatre-going and tomorrow afternoon at three o'clock will discuss the ways of the devil.

MARIE COOK GRANTED DIVORCE BY THE COURT

Decree of Separation From Gifford Cook Issued After Trial Lasting Day and a Half.

SUPPORT OF CHILD ALLOWED

Marie Cook was granted a divorce this morning by Judge Sparks from Gifford Cook, after the conclusion of the evidence in the case, which began Saturday morning, and occupied the court up until noon today.

In granting the divorce to the plaintiff, the court refused the defendant a divorce on his cross complaint. The plaintiff was allowed \$4 a week support money for their minor child, and \$75 attorney fees.

Judge Sparks also impressed upon the young people facts concerning the divorce, and he delivered a friendly note of warning, which should apply to every young couple seeking a divorce.

The evidence was begun early Saturday and more interest was taken in the case, than if it had been a murder trial, as almost every available seat in the court room was occupied.

FARMERS BALLOT ON PENDING BILLS

Answer to Questionnaire Reveal Sentiment Favors Home Rule in Administering Tax Law.

OPPOSE ROAD TAX INCREASE

Township Chairman, County Directors and Others Vote for 5-cent State Educational Levy.

Officers of the Rush County Farmers association and the chairman of the twelve township associations in the county, together with a few leading farmers and taxpayers of the county, at a meeting in the court house Saturday afternoon, voted their sentiments on bills pending in the state legislature which are of interest especially to farmers.

The vote was taken in response to a questionnaire sent out by the Indiana Federation of Farmers' associations, to get the sentiment of the farmers of the state on taxation questions and other matters which will be dealt with by the general assembly. The questionnaire has been filled out and sent to state headquarters.

There were about thirty men in the meeting entitled to a vote, including the officers of the county association, the county directors, the township chairmen and a few others.

Most of the questions dealt with taxation and the answers sent by the Rush county association reveal that local sentiment favors home rule in administration of the tax law, the levy proposed for the support of the state educational institutions and a pure seed law, and is opposed to increasing the state highway levy to twenty cents.

The questions and answers were as follows:

Do you favor giving state and county tax boards the right to classify property to better and more justly equalize as between townships and counties?

Yes.

Do you favor the state tax board having power to make horizontal orders as to townships, in matters of equalization?

No.

Do you favor a twenty cent levy for the state highway fund?

No.

Do you favor a ten cent levy for the state highway fund?

The vote resulted in a tie and it developed that those opposed to a ten cent levy believed a five cent levy better.

Do you favor a five cent levy for state educational institutions?

Yes.

Do you favor a one-half cent levy for the agricultural experiment station.

No. It developed that those voting were in favor of a direct appropriation as at present.

SPARK FROM CHISEL FIRES GASOLINE TANK

Twenty-five Persons Are Killed in Explosion Which Follows at Memphis, Tennessee.

MOST OF DEAD ARE NEGROES

Memphis, Tenn., Jan. 24—Twenty-five persons were killed when a series of explosions wrecked the Colyar Reese Oil Company plant here at 7:40 o'clock, police estimated today.

The majority of those killed in the plant were believed to have been negroes. In one house a mother and five children were said to have been killed.

Fearing that houses within a half mile radius of the burning plant would be wiped out because more explosions were feared, the police today warned the residents immediately to get as far from the scene as possible.

The explosions were caused by a spark from the chisel of a workman, who was working on a tank containing 15,000 gallons of gasoline which first blew up. No trace has been found of the man and it is believed he was blown to pieces.

SUPREME COUNCIL MEETS

Discussion of German Disarmament is First Topic.

(By United Press)

Paris, Jan. 24—The allied supreme council began its meeting here today with the discussion of German disarmament.

Military experts presented reports on conditions in Germany and along the Rhine. Allied leaders comprising the council were to consider the matter fully this afternoon. The session began with little display this morning.

Premier Aristide Briand, from France, welcomed the delegates with a brief speech and without further formality the council got down to work. Military and naval experts were called in to make brief reports which occupied about two hours.

CHARGES FRAUD TO OBTAIN SIGNATURE

Jennie Spacey Alleges She Was Induced to Sign Waiver to Farm of 50 Acres

DEMANDS AN INJUNCTION

Would Prevent Sheriff From Selling Land—Walter E. Smith Et Al Defendants

Jennie Spacey today filed suit in the circuit court against Walter E. Smith, et al, on a complaint for injunction, and charges that the defendant, Walter E. Smith, and her husband, Clate Spacey, used fraudulent means and trickery, in obtaining her signature to a waiver, to 50 acres of land southwest of Rushville.

The complaint also names Ezekiel M. Jones, sheriff of Rush county, as a defendant, and asks the court to restrain and enjoin him from selling the farm, which has been ordered sold in a court decree.

Mrs. Spacey states that she and her husband have separated, and that prior to their separation the husband bought an automobile, borrowing \$300 from the defendant, Mr. Smith. She states that Mr. Smith took a chattel mortgage on certain things, and that her husband included the farm land which is her property, and that she was tricked into signing a waiver.

She says that the waiver was not read to her and that she was unable to read the small print, not having her glasses. She states that she is an old lady. The plaintiff also states that her husband gave Mr. Smith a check for over \$200 as part payment on the debt, and that he later paid all of the amount, and she charged W. E. Smith with not having given the credit on his books.

She alleges further that the defendant has received full judgment, and has had the land ordered sold at sheriff's sale, which she wants set aside.

She alleges also that the entire affair is for fraudulent means to secure possession of her land. She maintains further that she has the cancelled check in her possession.

JOINS THE HARDING PARTY

Former Ambassador Mentioned as Compromise For Cabinet Post.

(By United Press)

Rockledge, Fla., Jan. 24—The presence in President-elect Harding's vacation party today of Henry Fletcher, former ambassador to Mexico, lead to the impression that he might be under consideration as secretary of state, as a compromise between Charles E. Hughes and Elihu Root. Fletcher entered the diplomatic service under Roosevelt. He is a relation by marriage to Henry P. Davison of J. P. Morgan and Co.

The voyage of the House Boat Victori was halted for a few hours today so as to permit the senator to enjoy a golf game on the Rockledge links. The president-elect's face is taking on tan today under the warm southern sun. He appears much refreshed by his vacation.

LAWMAKERS FACE GALAXY OF BILLS

Resume Seats Today After Second Junketing Trip of Session, With Very Little Accomplished

253 MEASURES IN HOPPER

Twelve Indefinitely Postponed and Four Passed by Senate—Tax Law Bill Due This Week

(By United Press)

Indianapolis, Ind., Jan. 24—Facing a galaxy of important bills, members of the legislature resumed their seats today after spending the week-end adjournment touring Lake county on the second junketing trip of the present session.

Most of the outstanding measures expected to be considered by this general assembly were before them. A total of 253 bills have been presented in both houses in the fifteen working days to date and twelve of these have been indefinitely postponed, while the senate has passed four of its bills.

One important bill to be introduced, probably this week, embodies the recommendations of Governor McCray for amendments to the tax law. This is expected to rank in importance with the two bills before the senate relating to the primary law, one extending the primary system and the other limiting it, still further.

Representative Murray Barker of Boone county will pilot the bill through the house of representatives. It was understood he would introduce it today if it can be completed in time. A tentative draft of the bill prepared in the office of the attorney general has been submitted to interested parties, including the state tax commissioners and representatives of the farmers' federation by Governor McCray and it is understood they placed their stamp of approval on it.

This measure would carry out the recommendations McCray made for tax law revision to the legislature in his initial message, except that it will provide ten instead of fifty taxpayers may appeal to the state tax board on local bond issues and tax levies. The bill would repeal the Johnson "home rule" law enacted by the last special session vesting appellate jurisdiction over these matters in the county councils.

Besides the tax bill, these measures await final consideration: Specific and regular appropriation.

GRAND JURY PROBE OF FIRE OPENS TODAY

Mystery Surrounding Death of Morocco Couple Deepens With Finding of Third Skull.

MURDER THEORY IS GROWING

Kentland, Ind., Jan. 24—A grand jury investigation into the deaths of Mr. and Mrs. Willis O. Davis, whose bodies were found in the ruins of their farm home near Morocco, Indiana, Friday morning, was started here today.

Authorities who had the first inclination that the deaths were the result of accidentally setting fire to the residence, now believe that the aged couple were murdered and the home set on fire by those committing the crime.

Neighbors of Mr. and Mrs. Davis were called to testify before the grand jury. R. N. Davis, son of the couple, who lived on the same farm but in a different home, also will be called. The son was in Chicago on Thursday and returned home a few hours before the fire.

The mystery concerning the incident deepened today by the finding of another skull in the ruins of the house. Authorities were unable to explain the presence of the skull. No information concerning enemies the aged couple might of had, could be obtained and because of the fire no evidence of robbery could be found.

A.R. BAXTER HEADS ACCOUNTANTS' BODY

Auditor of I. & C. Traction Co. of This City Elected President of Central States Association

ANNUAL MEETING AT DAYTON

Amos R. Baxter, auditor of the Indianapolis & Cincinnati Traction company, of this city, was elected president of the Central Electric Railway Accountants association at the annual meeting which was held Friday and Saturday at Dayton, Ohio.

There were seventy-four members representing sixty-nine companies present at the meeting. The companies represented are located in seven different states—Illinois, Indiana, Michigan, Ohio, West Virginia, Pennsylvania and Kentucky.

Mr. Baxter also represented his company at the meeting of the Central Electric Railway Traffic association at Toledo Ohio, last Wednesday and Thursday, going from there to Dayton for the accountant's association meeting.

The election of Mr. Baxter reveals his standing in the railway accountants association. He has been a member of the organization for many years and has taken an active interest in its affairs.

FARMERS BALLOT ON PENDING BILLS

Continued from Page One

Do you favor amending the county agent's law so counties may appropriate more than \$1,500 for this purpose?
 Yes.

Do you favor amending the workmen's compensation law so the farmer is not liable for injury to workmen on his place not directly under his employ?
 Yes. The farmer is not liable for injury of men employed directly by him but is liable if men employed by another, who has no compensation insurance, are injured while doing work on his farm.

Are you in favor of an efficiency survey of the state offices and institutions?
 No.

Are you in favor of re-enacting the law requiring two days poll tax shall be worked out on the township roads?
 No.

Do you favor a state police system?
 No.

Do you favor state ownership and control of the state fair?
 No.

Do you favor placing the stock yards under the public service commission?
 No.

But the sentiment of the meeting was that a special commission should be created to control

the stock yards.
 Do you favor centralizing the schools under the county superintendent and abolishing the office of township trustee?
 No.
 Do you favor the enactment of a pure seed law?
 Yes.

FAST GAME ON TOMORROW

All members of the Odd Fellows basketball team are requested to attend the practice tonight, in preparation for the game tomorrow night, when the Greensburg Legion team comes for a return game. The local team expects to turn the trick for the second time, but will not have an easy task, as the visiting team is also playing good ball. A large crowd of fans from Greensburg will accompany the team here.

The game will start promptly at 7:45, at the Modern Appliance building, no curtain raiser having been scheduled.

LOSE BY 3 POINTS

In a fast game of basketball Saturday night at Falmouth, the Moscow Independents won from the Fairview Athletic club, by a three point margin, the final count being 28 to 25.

DUNN DRAWS A LIFE SENTENCE

Continued from Page One
 The relatives are hoping that in several years time, a pardon may be obtained, and the life sentence reduced, while if he was in the criminal ward for the insane, a release would be almost impossible.

When the life sentence was passed, Dunn showed little emotion. He possessed the same stillness of body that he showed during the former trial. His confinement in jail since last September, was beginning to tell on him, and his face was almost colorless.

HOGS BRING A GOOD PRICE

P. S. Daubenspeck of Glenwood Gets
Top of Cincinnati Market

Glenwood, Ind., Jan. 24—Some good Rush county hogs sell high, considering market conditions and weight of hogs is what makes the shippers feel good when he locates the real salesman with a full force of competent help, which means service under present market conditions. Making good as a hog salesman, at the Cincinnati Union Stock Yards Herman Walthers, better known as Duke Walthers, from Brookville, Indiana, now hog salesman and also a member of the firm of Stern, Strehel, Cobb & Walthers of Cincinnati, Ohio, is certainly making good. He sold four cars of heavy hogs January 22 for P. S. Daubenspeck of this place, weighing 330 pounds average, at 9 1/2 cents, the top of the market, and a very strong price, especially for the weight of the hogs.

LAWMAKERS FACE GALAXY OF BILLS

Continued from Page One
tions totalling nearly \$8,000,000 expected to be reported out of the house ways and means committee Tuesday.

The Beardsley bill repealing the primary law as it applies to state and congressional offices and making local primaries optional.

The Alldredge bill extending the primary system to all state offices and providing that a plurality instead of a majority vote would be sufficient to nominate a candidate.

The Bowers bill which would permit the teaching of German and other languages in schools of the state.

The Fifield bill providing for a 5-cent instead of a 2.8 cent tax levy to provide funds for Purdue and Indiana Universities and the State Normal Schools.

Several measures designed to strengthen the criminal code resulting from the crime wave which is sweeping the state and nation.

CHARGES FRAUD TO OBTAIN SIGNATURE

Continued from Page One
which was paid by her husband to the defendant, Mr. Smith, as part payment on the debt for the borrowed money.

Because of the fact that the debt is alleged to have been paid off, she seeks to have the court enjoin the sheriff from selling the farm at auction, in order to pay a debt, which she says has long since been paid off.

Masonic Degree Work
Phoenix Lodge, No. 62, F. & A. M., will have work in the M. M. degree Tuesday evening beginning at 7:30. Visiting members are welcome.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching and heals skin troubles, also burns, wounds and chafing. It sterilizes, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The Willis School Bill

The Willis school bill, known as House Bill No. 144, which would provide a twenty-cent state school tax, has many elements of worth, but there is still one stickler which has always been objected to by the wealthier counties of Indiana—namely, that they should help support the schools of the poorer counties. This objection is a provincial and selfish one, but the selfishness of the individual or of any given locality can not be eliminated. It is not the fault of the poorer counties of the state with large tax-not have equal school privileges with the richer counties. They are underprivileged because they have not equal advantages with their more fortunate neighbors.

There are just as good and wholesome people living in the poorer counties as there are in the more favored sections of the state, and there children are entitled to as good school advantages as are provided in the best parts of the Hoosier domain.

Admitting all of these arguments, there are few taxpayers in the counties of the state with large taxables, who do not oppose helping support the schools of their unfortunate sister counties. This dissatisfaction crops out semi-annually when the state school fund is distributed and the wealthier counties receive back from the state less than they pay in.

The difference between the amount paid in state school fund taxes and

NOT THE ONLY ONE

There Are Other Rushville People Similarly Situated

Can there be any stronger proof offered than the evidence of Rushville residents? After you have read the following, quietly answer the question.

A. M. Younger, retired farmer, 825 W. 10th St., Rushville, says: "I have used Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is bound to have more or less trouble with the kidneys. At times my back gets weak and lame. There is a dull aching through the small part, too. Then the kidney secretions are too frequent, causing me to get up at night.

Every time I have been this way I have used a box of Doan's Kidney Pills from Johnson & Co., Drug store and they have never failed to relieve me in a short time."

The above statement was given on August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble. I use Doan's occasionally and get satisfactory results."

THE TREND of LEGISLATION

BY GEO. W. STOUT
State Chamber of Commerce

Indianapolis, Ind., Jan. 24—While discussion of the issue raised by the primary law now has a prominent place in the Indiana legislature, there are other measures on the way. Many people, the taxpayer included, are fully as much interested in getting the tax law squared away as they are in arguments to abridge the primary law or to extend the scope of that much mooted statute. In the public hearing on the primary bills in the senate one side enlarged on the importance of the party organization while the other element urged the rank and file of the political party for first consideration rather than the machinery within the party. Cool-headed observers are beginning to say that the road to appeal of the primary's state-wide provisions probably will not be all "asphalt." Those who favor extending the primary law to take in all state nominations are said to be organizing. At least they have opened headquarters. It remains to be seen how far they will go with their movement to retard the progress of the primary repeal plan.

With a budget bill yet to come; with the state police bill in prospect; with the bill to abolish the public service commission advancing toward the state of debate; with the new taxing policy at the point of emergence from the incubator; with the "blue sky" law amendment, the city manager, optional bill, the boxing commission, Sunday movies, the all-time healthy officers plan, the state school tax levy bill, constitutional amendments, appropriations, and a series of salary bills, road law amendments, the pure seed bill proposed by the combined grain men and farmers, and legislation for taking over and re-creating the State Board of Agriculture, not to mention scores of other bills, there is plenty to occupy the attention of the lawmakers.

Lieut. Gov. Branch has made a suggestion which is likely to cause discussion of a favorable sort. "Give the treasurer of state something for idle hands to do," is the gist of the suggestion. Mr. Branch advises against creating new boards and new commissions to perform tasks which might be done in the department of the treasurer of state.

Under existing legislation the office of the treasurer of state has been stripped of practically everything save the salary. It is little more than a checking department in connection with the office of the auditor of state, the treasurer looking after the depositing of the state's money from day to day. Yet the treasurer of state's office is a constitutional job and can not be abolished by statute. It is possible the auto license bureau may be moved from the office of the secretary of state to that of the treasurer of state, if this can be done constitutionally.

Speaking of tax law changes and plans to alter the existing system of taxation in Indiana, the lumbermen in state convention offer an interesting though probably futile special plan to lift taxation from new dwellings with the idea of encouraging the building of homes.

Now there is no question but that many homes ought to be built. The creation of these units of society,

basis of wholesome and stable government,— must be encouraged in every possible way.

It happens, however, that under the 1851 Constitution of the State of Indiana no class of taxable property can be separated from the other classes of property for any form of immunity or discrimination, either in fixing valuation for taxation or in setting the tax levy. As to the justice, efficacy or wisdom of the lumbermen's plan for immunizing new homes from taxation, there may be suggestive discussion. As to the bar raised by the Constitution against such immunity there can be no possible doubt. The bar is there.

In 1919 there was talk of providing in the then pending tax bill to adjust tax assessments on various classes of property so as to provide that this or that classification might under a horizontal levy pay only what it was fairly able to pay. For example, it was urged that intangibles drawing a low rate of interest or realizing a small income per year should be assessed at 25 percent of their true cash value instead of 100 percent as the Constitution demands.

The fatal weakness of this plan was so clearly shown that it did not reach the dignity of argument, but was drawn from the bill before it was introduced.

The plan to relieve new homes from taxation is merely another method of attempting to classify property for taxation. This can not be done until the Constitution has been amended.

One of the constitutional amendments pending at this time for final action by the legislature before submission of the amendments to a vote of the people, would provide for a classification of taxables with a view to a fair and equitable adjustment of taxes on a basis of the ability of the property to pay.

Under a classification arrangement, following the amendment of the Constitution of 1851 and the modification of the general property tax law, new homes might conceivably be placed upon a taxing basis in practical accord with the suggestion of the lumbermen.

Many students of the tax situation point out that the home and home-maker should rather be rebated or credited on the books of society for establishing and properly maintaining a household and a family. This would not mean immunity from taxation of luxuries, but would reduce taxation on the things that are necessary for the upkeep of the American home at the American standard. The home is recognized as the surest safeguard and bulwark against bolshevism and red radicalism. The home, which does not produce an income or create profits and revenues, will some day be classified for taxation in a column entirely separate from those taxables which produce wealth from day to day. In this connection, also it is interesting to note that many states at this time place penalizing taxes against lands and lots not utilized for home-making, for productive industry or business.

A classification constitutional amendment might bring to Indiana some such legislation as this.

average daily attendance. One-third on number of teachers employed and one-third on basis of adequacy of the local support accorded under regulations to be adopted by the state board of education.

The 10 percent for the common school relief fund would be distributed by the state superintendent of public instruction, with approval of the state board of education, to school corporations in poor financial condition to pay teachers, school transportation or assist in the erection of school buildings. Local communities must first have done their full part in giving financial support before a school corporation financially poor may draw on the state relief fund.

A bill to be introduced in the senate proposes doubling the cost of a marriage license. Dan Cupid should be thankful that he has escaped old H. C. L. even this long.

Now that the hunting season is closed, folks who "didn't know it was loaded" are engaged in pouring coal oil on the fire.

Everything points to the return of prosperity and all that remains is for prosperity to live up to expectations.

You Can't Afford Not to Own a NISCO

FOR every ton of manure you put on your soil this year, you're going to get back \$7.00 to \$10.00 in increased crops. College experiment station tests have placed this high value on manure at the present time.

NISCO

The Original Wide Spreading Spreader

Just as there's one best way to sow your grain, there's one best way to handle your manure—that's to spread it—with a spreader—evenly, uniformly, perfectly shredded just where you want it.

Thorough, Uniform Spreading

The NISCO does just this—breaks simple in construction. Shreds your manure finely, thoroughly—then spreads it evenly, smoothly, and widely. Extra strong—yet light draft.

The NISCO is built low down—it is easy to load. No gears to give you the full facts on the NISCO—the right Spreader for your farm.

Farm Bureau As Agriculture's National Voice is Powerful

(Reprinted from the Country Gentleman)

By HARRY R. O'BRIEN

The net result of all these things has been that in just one year's time the American Farm Bureau Federation, by virtue of its firm stand on these questions of nation-wide importance, its practical service in the interests of the farmer backed by its solid and widespread membership, has assumed leadership in a national way for the farmers of America. This has not been done at the expense or to the detriment of other organizations already in the field. Rather there have been cooperation and friendship between the Farm Bureau officials and leaders of the old national organizations.

But perhaps the most important thing accomplished by the American federation has been the building up of its membership. There is a total of one million five hundred thousand and paid-up members. There are now thirty-four states that have been admitted to the federation. By the end of next week's meeting these may have increased to forty. By that time Iowa will have completed its drive for 140,000 members. Illinois now has more than 100,000 and Michigan, Ohio, Indiana and New York are close behind.

Many states have followed the lead of the Middle West and have reorganized on a basis of five or ten dollar memberships. This has been especially true in New England in a section where such action was thought impossible a year ago.

This organization work and the membership campaign have been carried on by the individual states rather than by the national federation. The federation, however, has helped to plan the campaign. The officers and the executive committee have devoted a good share of their time to aiding in the work.

A comprehensive plan has been outlined for a study of the fundamentals of agricultural problems on a scale never before attempted by any organization or government agency, and this study has been put into the hands of the best equipped men in the land.

Three major projects have been outlined and set under way. These are: First, the establishment of a permanent bureau of farm economics; second, the appointment of a permanent committee of seventeen to study thoroughly the question of grain marketing; and third, a permanent committee of fifteen to make a similar study of livestock marketing.

This bureau of farm economics will be under the supervision of the following commission: Dr. Eugene Daenport, of the University of Illinois; Senator Arthur Capper, of Kansas; James N. McBride, formerly director of the Michigan State Bureau of Markets; Xenophon Caverio, of Missouri; Dr. G. F. Warren of Cornell University; and Henry A. Wallace, of Wallace's Farmer, Des Moines, Iowa. This commission elected Mr. McBride as president and Mr. Wallace as secretary.

As the first step in a solution of the grain marketing question, President Howard appointed the committee of seventeen, representing all interested organizations, to work out some system whereby the farmer might market his own product through his own organizations.

This committee was selected from among names submitted by the various farm organizations.

This committee of seventeen held its first meeting at Chicago in October and divided its work into five main divisions, each to be in charge of a sub-committee: Cooperative marketing methods, costs of marketing, storage and transportation, consumption and export, finance.

The question of marketing of livestock looms as large in the mind of the farmer as does that of grain marketing. A permanent committee of fifteen, not announced as this is written, composed of representatives of the various livestock organizations, will investigate livestock marketing.

Of a more practical and immediate nature was the action taken at the October meeting of the executive committee to organize a national wool pool. A committee headed by J. F. Walker, had already been appointed to consider the matter. It found that by September nearly 30,000,000 pounds of wool had been pooled in fourteen states. A central selling agency will be created to handle these pools on a nation-wide scale.

Three other steps of wide importance have also been determined upon. One of these is to institute a traffic and transportation department. A second is to create a department of education, one of the big jobs of which will be that of publicity.

The third step is to undertake a study of national taxation laws, to make sure that any revision of such does not shift a greater burden

Mr. and Mrs. Hal Green and Miss Naomi Nash were the guests of Mr. and Mrs. Vorhees Cavitt last evening.

Dr. and Mrs. C. L. Smullen of Raleigh had as their dinner guests yesterday the Rev. G. F. Power and family.

The Royal Neighbors will hold their regular meeting Monday evening in their hall. All members are urged to be present.

The W. R. C. will meet in regular session Wednesday afternoon in the D. A. R. room in the court house. All members are urged to be present.

The Tri Kappa sorority will be entertained this evening at the home of Miss Hannah Morris in East Fifth street. Every member is urgently requested to be present.

Miss Mary Foster, a teacher in the public school at Arlington, and John Alsmann, a farmer of near Arlington, were quietly married Saturday evening at the bride's home in Lizton. Mr. and Mrs. Alsmann have returned from Lizton, and will make their future home on the farm north of Arlington.

The Ladies Aid Society of the St. Paul's M. E. church will meet tomorrow afternoon in the church parlors instead of at the home of Mrs. Frank Sample as previously arranged. The meeting will be called at two o'clock and will close at three in order to give the ladies an opportunity to attend the afternoon meeting.

ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidier of Salicylicacid.

Crowded WITH SAVINGS

AT MAUZY'S

Throngs are Buying SHOES

Reductions of 20% to 50% apply to every pair of shoes and Oxfords in our stock—no exceptions. Only footwear of genuine worth is offered you. The fitters will exercise the same care in giving you the proper shoe as if you were paying full price. Men, women and children will profit alike.

20% Off on All Boots, Arctics and Heavy Rubber Goods.

The Magnitude

of the reductions in this sale are astounding its patrons, and why should they not? Experience has taught them that every reduction advertised is sure to be found here, and when the half price mark is applied to so many articles — quality good, too—the response is sure to measure up. Those who attended the sale in its opening days have spread the news, enthusiasm is growing, buying is still more spirited. We want to impress you that this sale is for YOU as well as for others, and we urge you to make sure of the savings YOURS.

ings being held at the church, conducted by the Rev. L. W. Munhall.

Mr. and Mrs. L. B. Miller entertained with a prettily appointed dinner party today at their home in North Perkins street. Covers were laid for Mrs. Alma Miller of Riverside, Calif., and Miss Jessie Anderson living south of the city.

Miss Roxie Kennedy, daughter of Mr. and Mrs. Reuben J. Kennedy, living near Glenwood, and Wendell Phillips Gray, son of Judge George Gray of Connersville, were quietly married at the Main Street Christian parsonage Saturday evening, by the Rev. L. E. Brown. The young couple are well known in and around Glenwood and in Connersville. They will make their future home in Connersville where the bridegroom is employed.

The third division of the Social Club will entertain the remaining members of the club with a dinner dance Wednesday evening in the club rooms in North Morgan street. The captains, Mrs. Robert L. Tompkins and Mrs. Vincent Young, request the ladies to bring their dishes early in the afternoon and to notify them if they are planning to have guests. The Ki-Barber Hoosier Four orchestra of Indianapolis will furnish the music for the dance.

Mr. and Mrs. E. W. Ross, of North Oliver street had as their dinner guests Saturday, Mrs. Luther Rucker and daughter Evelyn and son Luther, Jr., Mr. and Mrs. Harry Collins and daughter Delpha Marie. On Sunday Mr. and Mrs. Ross had as their guests Mr. and Mrs. Gary Oldham and son Raymond, Mr. and Mrs. Court Oldham and daughter Margaret, Mr. and Mrs. Lowell Garten, son Loyd and daughter Marjory Ellen and Mr. and Mrs. Garland Newkirk and sons, Howard and Robert.

Miss Donnan's class in Literature met on Saturday afternoon with Mrs. Will Bowen. The very interesting volume of essays by Agnes Repplier "Points of Friction" was discussed and a novel by Mrs. Virginia Woolf, "The Voyage Out". After the intermission another chapter in Mr. Cabell's "Beyond Life" was talked about and illustrated by one of the old players of William Congreve. As usual at the beginning of the lesson Miss Donnan spoke of some miscellaneous things of literary interest.

This meeting was the last of the present series, but as a number of the class members wish to continue for another term, Miss Donnan may return for seven more lectures. Any ladies who have not been taking the course this year but would like to join for the next term, may get information about it from Mrs. Jane Kincaid, Mrs. B. F. Miller, Mrs.

Harrie Jones, or Mrs. F. R. McClannahan. Miss Donnan has an Indianapolis class which meets every Thursday morning in the Public Library, a Tuesday night one largely attended by teachers and librarians; also classes in Anderson Greensburg and Shelbyville.

The Pastor's Aid Society of the Main Street Christian church, will hold their regular monthly meeting tomorrow afternoon at 2.30 o'clock in the parlors of the church.

IS SERIOUSLY ILL.
Frank Brown is seriously ill at his home in West First street, suffering with heart trouble.

A SUGGESTION

Quaker Minister Is Grateful to Tanlac

REV. PARKER MOON

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most of the night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

CELEBRATE TERCENTENARY

Three Stamp Issues Commemorate Landing of Pilgrim Fathers

In addition to the issue of two-cent stamps celebrating the anniversary of the landing of the Pilgrim Fathers, the postoffice also is in receipt of one and five-cent stamps for the same purpose.

In observance of the tercentenary anniversary, all three issues bear the dates "1620" and "1920" in the upper corners of the stamps. The one-cent stamps are green and bear a picture of the Mayflower. The five-cent stamps are blue and in the center is a picture, "The Signing of the Compact".

All three issues are oblong in shape and in this way may be easily recognized.

TO INSTITUTE A GROVE.

Rushville Grove No. 6, Tall Cedars of Lebanon, are going to Milroy Wednesday evening of this week to institute a grove at Milroy. Probably 75 or 100 will go from here. They will be entertained with a 6:30 banquet at the Christian church. Following the banquet the degree work will be at the Modern Woodmen hall.

Knights Templar.

Rushville Commandery, No. 49, K. T., will postpone the conferring of the Temple degree which was to have been given Thursday evening.

Farm Bureau as Agriculture's National Voice is Popular
Continued from Page 5.

from industrial interests to the farmer. In this matter the federation has had the advice of Prof. T. S. Adams, of Yale University.

The Farm Bureau referred to its members early last summer the Nolan taxation bill, now up for consideration in congress. The vote was almost unanimous against the bill.

A second referendum deals with compulsory arbitration of labor disputes affecting interstate carriers, public utilities and the public safety of all disputes between employer and employee, and the repeal of the Adamson law.

When this referendum gets to working smoothly it will be possible to show how farmers by the million think on a bill before Congress or on any national problem. The day of self-appointed leaders, professing to speak for the farmer, of misrepresentation of farmer sentiment, will be over.

Amusements

At The Princess 2 Days

Another of William Gillette's gems of the American stage will beautify the silversheet when it is shown at the Princess theatre today and Tuesday.

"Held by the Enemy", was one of the greatest of American dramas, and in its screen form it is said to be more vivid and gripping than the play itself.

"Held by the Enemy" is a drama of tense emotions and big, vital, human situations—a story of love and

loyalty and unselfishness, hate and treachery and human passion. It is filled with powerful moments and the underlying theme depicts the triumph of love and devotion.

There are many, big, striking roles in "Held by the Enemy". Lewis Stone, well known New York actor, takes the part of Captain Gordon Hayne. Agnes Ayres, an actress of many accomplishments, was chosen to portray Rachel Hayne, and charming Wanda Hawley plays an equally important feminine part.

Jack Holt who will be remembered for his work in Tourneur's "The Life Line", and also in "Victory" does his best work in this picture, while Robert Cain plays the heavy with his usual excellent skill. Walter

Hiers, the funny fat boy actor, supplies the necessary comedy. Other important players are Josephine Crowell, Lillian Leighton, Robert Brower and C. H. Geldart.

Whole Town in Picture.

"The Stealers," William Christy Cabanne's celebrated photoplay of the humanities, the Robertson-Col super-special which opens at the Mystic today for a run of two days is perhaps the only film to be taken in the history of motion pictures in which virtually every inhabitant of a city took part.

Much of the action and the dramatic climax of the piece is set in a small city. Mr. Cabanne, who wrote as well as directed and produced the photoplay, after an exhaustive search for a suitable location finally decided that Haverstraw, N. Y., was the place.

There the company repaired. Inasmuch as the script demanded a street fair Mr. Cabanne got in touch with the local authorities and permission was granted to use the public thoroughfares for the purpose.

Interest in the doings of the visiting actors was at fever heat and when the time came to "shoot" the fair scene the population of the city clamored to be permitted to witness the event.

Then it was Mr. Cabanne had his big idea. Why not make use of the townfolks as the actors instead of employing thousands of extras? Why not, indeed? The mayor was seen. By proclamation a holiday was declared, the factories shut down, business houses closed, and the entire population of the city turned out to attend the make-believe fair, but principally to be photographed for "the movies."

More than 5,000 persons—from the mayor down—were counted by Mr. Cabanne's assistant directors, and the scene which resulted is said to be the most spectacular of its sort ever taken for a motion picture.

3RD NUMBER LYCEUM COURSE

The Warwick male quartet will be the third attraction of the lyceum course of the American Legion of Mays, which will be at the Mays Opera House on Wednesday night January 26 at 8 o'clock. Every season ticket holder is entitled to attend. The company consists of Mr. Hughes, tenor; Mr. Craig, second tenor; Mr. Gamble, pianist and baritone, and Mr. Smith, bass and reader.

GIRL'S STATEMENT WILL HELP RUSHVILLE

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree with. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. F. E. WOLCOTT—(Adv.) Z-1

JAMES E. DOWNEY DIES AT MORRISTOWN HOME

Well Known Carpenter Expires From Effects of Influenza After Illness of Two Years

RELATIVES IN THIS COUNTY

James E. Downey, a carpenter died Saturday night at his home in Morristown after being ill for two years, suffering from the effects of influenza, from which he never fully recovered. The deceased was an uncle of Mrs. Glen E. Moore of this city.

He is survived by a widow, a son, Orval Downey of Kansas City, Kas., and a daughter, Mrs. James Black of Whittier, Calif., besides three sisters, Mrs. W. T. Newhouse of Arlington, Mrs. Alfred Bogue of Kokomo, and Mrs. Lillie T. Baird of Richmond. Several nieces and nephews also survive.

Mr. Downey was a well known carpenter of Morristown and was especially known in and around the Arlington vicinity. He was 67 years old, at the time of his death. The funeral services will be conducted at the late residence in Morristown Tuesday morning at ten o'clock, and burial will be made in East Hill cemetery, at Arlington.

MRS. ALVA JUNKIN ILL

Mrs. Alva Junkin is suffering with a severe illness at Phoenix, Arizona, according to word received here, and is taking treatment in a hospital. Mr. and Mrs. Junkin are spending the winter in Phoenix on account of their daughter Josephine's health which is improving.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

EIGHT PAGES TODAY

DUNN DRAWS A LIFE SENTENCE

Court Accepts Plea of Guilty to
Second Degree Murder and
Life Sentence Imposed.

ARRAIGNED LATE SATURDAY

Trial Was Scheduled for Today on
First Degree Charge—Shot
His Wife Last September.

The final chapter in the Dunn murder case was written here late Saturday afternoon, when it was generally agreed upon to allow Fred Dunn, accused murderer, to enter a plea for the second time this term of court of guilty, and take the life sentence.

The case was scheduled for trial today, but last week it was intimated that because of the quarantine of several witnesses for the defense, the case would not be tried.

T. M. Green, one of the attorneys for Dunn, was in Indianapolis Saturday communicating with Albert Dunn of Illinois, brother of the accused, regarding certain matters in the case, and the brother consented to the agreement of allowing the prisoner to plead guilty to the charge of second degree murder, instead of standing trial.

The charge placed against Dunn, and upon which he stood trial before, was the first degree murder, and a plea of guilty could not be accepted by the court, but had to be heard before a jury.

At the former trial the defense pleaded insanity, induced by epilepsy, and secured a "hung" jury. The defense was equally as certain today of basing a stronger case along the insanity part, which upon conviction would have sent Dunn to the criminal hospital for the insane.

The charge was changed late Saturday afternoon to second degree murder, and Judge Sparks pronounced the life sentence. Sheriff Jones will leave for Michigan City with the prisoner as soon as the commitment papers are received. Dunn is 39 years old.

Mr. Green and John A. Titworth, who represented Dunn at the former trial, and who would have again appeared for him, stated today that the motive for pleading guilty and taking the life sentence consisted of several reasons.

They pointed out that if the prisoner is sent to the criminal hospital for the insane, he is confined, and his general health is at stake. The real motive, however, is that the state pardon board does not have control over the insane prisoners, and his case would forever be lost as far as a pardon is concerned.

Continued on Page Two.

A.R. BAXTER HEADS ACCOUNTANTS' BODY

Auditor of I. & C. Traction Co. of
This City Elected President of
Central States Association

ANNUAL MEETING AT DAYTON

Amos R. Baxter, auditor of the Indianapolis & Cincinnati Traction company, of this city, was elected president of the Central Electric Railway Accountants association at the annual meeting which was held Friday and Saturday at Dayton, Ohio.

There were seventy-four members representing sixty-nine companies present at the meeting. The companies represented are located in seven different states—Illinois, Indiana, Michigan, Ohio, West Virginia, Pennsylvania and Kentucky.

Mr. Baxter also represented his company at the meeting of the Central Electric Railway Traffic association at Toledo Ohio, last Wednesday and Thursday, going from there to Dayton for the accountant's association meeting.

The election of Mr. Baxter reveals his standing in the railway accountants association. He has been a member of the organization for many years and has taken an active interest in its affairs.

ROSS JONES IN JAIL AGAIN

Young Man Under Suspended Sentence Accused by a Girl.

Ross Jones, the young man who was given a suspended sentence a few weeks ago by Judge Sparks, after having pleaded guilty of being implicated in the thefts of express shipments, was again placed in jail Sunday upon complaint of a young girl living in Circleville. No charge was placed against Jones, and the matter will be investigated by the court, which if true, will cause his suspended sentence to be revoked.

Jones' father is now serving a long sentence in the state prison for a similar offense, and the girl who charges the young man, is said to be a sister of the other girl who implicated the older Jones. The girl in the present case is said to be in the neighborhood of 20 years old.

1920 MORTGAGES SHOW INCREASE

Total of 881 Filed During the Year
Involving \$1,572,390 Which
Exceeds Former Year.

DEFICIT OF A HALF MILLION

\$1,051,986 Paid off in Satisfied Mortgages and 685 Real Estate Sales Recorded.

During the year 1920 there were 881 mortgages filed in the County recorder's office, with a total amount of \$1,572,390 involved. The annual report of the office, from a financial standpoint, is not very encouraging because compared with 881 mortgages filed, only 685 were satisfied during the year, leaving the difference of \$500,000, which means a half million dollars more property is mortgaged now than a year ago.

The total mortgages filed are divided into several classifications, with chattel mortgages heading the list at 328. Farm mortgages amounted to 272, with a valuation of \$1,159,994.

The report of the office business is made annually and has been sent to Charles Kettleborough, director of the department of statistics, legislative reference bureau, by Howard Campbell, county recorder.

There were 246 farm mortgages paid off during the year, for the total amount of \$775,695, which deducted from the mortgages filed, leaves almost \$400,000 more outstanding on farms in the county than a year ago.

The mortgages on town lots, city and town property amounted to \$224,292 during the year with 179 being filed. The school fund mortgages numbered 24, with a consideration of \$30,450.

Seventy-eight persons also filed liens against property with a total amount of \$14,199 being involved. During the year 28 liens were satisfied, which amounted to \$4,334.

According to Mr. Campbell's report there were 685 real estate transfers made, which amounted for the year in land sales to \$2,687,917. Of the 685 deeds filed, 117 were listed at "one dollar", which is not the true value in all cases but placed on record as such, in order to withhold the true amount received for the property.

Besides the real estate transfer deeds filed there also were 157 other papers filed, including incorporation papers and miscellaneous papers.

During the year three farmers had their "Farm Names" recorded. Sheriff Jones filed two sheriff deeds, which were real estate properties sold at sheriff's sales. The county auditor also filed one deed.

The number of deeds filed and the considerations, make the report show up well, with the exception of the mortgage portion, which shows an increase in the amount of mortgaged property.

The year's business, as far as the office is concerned, is better than the average, and more business was transacted than in the year previous, during which time Mr. Campbell has been in the office.

RED LETTER DAY AT M.E. REVIVAL

Three Meetings Sunday are Well Attended, Especially One in Afternoon for Men Only

SECOND COMING OF CHRIST

Dr. L. W. Munhall Discusses Subject at 10.30 A. M. Declaring That His Advent is Imminent

Sunday was sure a "Red Letter Day" in the revival meetings at the St. Paul's M. E. church. Dr. L. W. Munhall preached on "The Second Coming of Christ" to a full house at 10.30 a. m., spoke to a men's meeting in the afternoon and in the evening spoke to a congregation which filled the auditorium.

He showed by the scriptures that Jesus will return to this earth personally and that this coming is imminent; that when He comes the dead will be raised and the living right course translated, the faithful rewarded and the heavenly mansions occupied and the eternal glory entered upon. The exhortation was to be faithful and ready, watching and working, "for we know not the hour when our Lord may come". The great audience was profoundly moved.

The 3 p. m. service was for men only. Rushville has seldom ever seen so many men assembled in a single service. The church was crowded to the doors. The ladies who have been singing in the meetings were present in the opening exercises, at the request of Dr. Munhall, and then withdrew and the choir balcony was filled with men who were standing.

The ladies received a vote of thanks before leaving from the great audience. The address was a plain, searching treatment of matters relating to sins peculiar to men; especially young men; and the great audience listened closely to everything that was said.

The night service crowded the auditorium and overflowed into the Sunday school room. The text was Psalms 8: 3-4 and the sermon had to do with the vastness and wonders of the physical heavens and man's comparative insignificance. It commanded the closest attention of an audience made up for the most part of intelligent and thoughtful people.

It is expected that it will be a great week for the meetings. Women of the church were visiting all homes in Rushville today inviting the people to attend the services and the men are doing the same among the stores, offices and manufacturing and it is expected that everybody in Rushville will receive a personal invitation to attend the meetings. Tonight Dr. Munhall will preach on dancing, card playing and theatre-going, and tomorrow afternoon at three o'clock will discuss the ways of the devil.

MARIE COOK GRANTED DIVORCE BY THE COURT

Decree of Separation From Gifford Cook Issued After Trial Lasting Day and a Half.

SUPPORT OF CHILD ALLOWED

Marie Cook was granted a divorce this morning by Judge Sparks from Gifford Cook, after the conclusion of the evidence in the case, which began Saturday morning, and occupied the court up until noon today.

In granting the divorce to the plaintiff, the court refused the defendant a divorce on his cross complaint. The plaintiff was allowed \$4 a week support money for their minor child, and \$75 attorney fees.

Judge Sparks also impressed upon the young people facts concerning the divorce, and he delivered a friendly note of warning, which should apply to every young couple seeking a divorce.

The evidence was begun early Saturday and more interest was taken in the case, than if it had been a murder trial, as almost every available seat in the court room was occupied.

FARMERS BALLOT ON PENDING BILLS

Answer to Questionnaire Reveal Sentiment Favors Home Rule in Administering Tax Law.

OPPOSE ROAD TAX INCREASE

Township Chairman, County Directors and Others Vote for 5-cent State Educational Levy.

Officers of the Rush County Farmers association and the chairman of the twelve township associations in the county, together with a few leading farmers and taxpayers of the county, at a meeting in the court house Saturday afternoon, voted their sentiments on bills pending in the state legislature which are of interest especially to farmers.

The vote was taken in response to a questionnaire sent out by the Indiana Federation of Farmers' associations, to get the sentiment of the farmers of the state on taxation questions and other matters which will be dealt with by the general assembly. The questionnaire has been filled out and sent to state headquarters.

There were about thirty men in the meeting entitled to a vote, including the officers of the county association, the county directors, the township chairmen and a few others.

Most of the questions dealt with taxation and the answers sent by the Rush county association reveal that local sentiment favors home rule in administration of the tax law, the levy proposed for the support of the state educational institutions and a pure seed law, and is opposed to increasing the state highway levy to twenty cents.

The questions and answers were as follows: Do you favor giving state and county tax boards the right to classify property to better and more justly equalize as between townships and counties? Yes.

Do you favor the state tax board having power to make horizontal orders as to townships in matters of equalization? No.

Do you favor a twenty cent levy for the state highway fund? No.

Do you favor a ten cent levy for the state highway fund? The vote resulted in a tie and it developed that those opposed to a ten cent levy believed a five cent levy better.

Do you favor a five cent levy for state educational institutions? Yes.

Do you favor a one-half cent levy for the agricultural experiment station? No. It developed that those voting were in favor of a direct appropriation as at present.

SPARK FROM CHISEL FIRES GASOLINE TANK

Twenty-five Persons Are Killed in Explosion Which Follows at Memphis, Tennessee.

MOST OF DEAD ARE NEGROES

Memphis, Tenn., Jan. 24—Twenty-five persons were killed when a series of explosions wrecked the Colyar Reese Oil Company plant here at 7:40 o'clock, police estimated today. The majority of those killed in the plant were believed to have been negroes. In one house a mother and five children were said to have been killed.

Fearing that houses within a half mile radius of the burning plant would be wiped out, because more explosions were feared, the police today warned the residents immediately to get as far from the scene as possible.

The explosions were caused by a spark from the chisel of a workman, who was working on a tank containing 15,000 gallons of gasoline which first blew up. No trace has been found of the man and it is believed he was blown to pieces.

SUPREME COUNCIL MEETS

Discussion of German Disarmament is First Topic.

(By United Press)

Paris, Jan. 24—The allied supreme council began its meeting here today with the discussion of German disarmament.

Military experts presented reports on conditions in Germany and along the Rhine. Allied leaders comprising the council were to consider the matter fully this afternoon. The session began with little display this morning.

Premier Aristide Briand, from France, welcomed the delegates with a brief speech and without further formality the council got down to work. Military and naval experts were called in to make brief reports which occupied about two hours.

CHARGES FRAUD TO OBTAIN SIGNATURE

Jennie Spacey Alleges She Was Induced to Sign Waiver to Farm of 50 Acres

DEMANDS AN INJUNCTION

Would Prevent Sheriff From Selling Land—Walter E. Smith Et Al Defendants

Jennie Spacey today filed suit in the circuit court against Walter E. Smith, et al, on a complaint for injunction, and charges that the defendant, Walter E. Smith, and her husband, Clate Spacey, used fraudulent means and trickery, in obtaining her signature to a waiver, to 50 acres of land southwest of Rushville.

The complaint also names Ezekiel M. Jones, sheriff of Rush county, as a defendant, and asks the court to restrain and enjoin him from selling the farm, which has been ordered sold in a court decree.

Mrs. Spacey states that she and her husband have separated, and that prior to their separation the husband bought an automobile, borrowing \$300 from the defendant, Mr. Smith. She states that Mr. Smith took a chattel mortgage on certain things, and that her husband included the farm land which is her property, and that she was tricked into signing a waiver.

She says that the waiver was not read to her and that she was unable to read the small print, not having her glasses. She states that she is an old lady. The plaintiff also states that her husband gave Mr. Smith a check for over \$200 as part payment on the debt, and that he later paid all of the amount, and she charged W. E. Smith with not having given the credit on his books.

She alleges further that the defendant has received full judgment, and has had the land ordered sold at sheriff's sale, which she wants set aside.

She alleges also that the entire affair is for fraudulent means to secure possession of her land. She maintains further that she has the cancelled check in her possession.

JOINS THE HARDING PARTY

Former Ambassador Mentioned as Compromise For Cabinet Post.

(By United Press)

Rockledge, Fla., Jan. 24—The presence in President-elect Harding's vacation party today of Henry Fletcher, former ambassador to Mexico, led to the impression that he might be under consideration as secretary of state, as a compromise between Charles E. Hughes and Ethel Root. Fletcher entered the diplomatic service under Roosevelt. He is a relation by marriage to Henry P. Davison of J. P. Morgan and Co.

The voyage of the House Boat Victory was halted for a few hours today so as to permit the senator to enjoy a golf game on the Rockledge links. The president-elect's face is taking on tan today under the warm southern sun. He appears much refreshed by his vacation.

LAWMAKERS FACE GALAXY OF BILLS

Resume Seats Today After Second Junketing Trip of Session, With Very Little Accomplished

253 MEASURES IN HOPPER

Twelve Indefinitely Postponed and Four Passed by Senate—Tax Law Bill Due This Week

(By United Press)

Indianapolis, Ind., Jan. 24—Facing a galaxy of important bills, members of the legislature resumed their seats today after spending the week-end adjournment touring Lake county on the second junketing trip of the present session.

Most of the outstanding measures expected to be considered by this general assembly were before them. A total of 253 bills have been presented in both houses in the fifteen working days to date and twelve of these have been indefinitely postponed, while the senate has passed four of its bills.

One important bill to be introduced, probably this week, embodies the recommendations of Governor McCray for amendments to the tax law. This is expected to rank in importance with the two bills before the senate relating to the primary law, one extending the primary system and the other limiting it, still further.

Representative Murray Barker of Boone county will pilot the bill through the house of representatives. It was understood he would introduce it today if it can be completed in time. A tentative draft of the bill prepared in the office of the attorney general has been submitted to interested parties, including the state tax commissioners and representatives of the farmers' federation by Governor McCray and it is understood they placed their stamp of approval on it.

This measure would carry out the recommendations McCray made for tax law revision to the legislature in his initial message, except that it will provide ten instead of fifty taxpayers may appeal to the state tax board on local bond issues and tax levies. The bill would repeal the Johnson "home rule" law enacted by the last special session vesting appellate jurisdiction over these matters in the county councils.

Besides the tax bill, these measures await final consideration: Specific and regular appropriation.

GRAND JURY PROBE OF FIRE OPENS TODAY

Mystery Surrounding Death of Morocco Couple Deepens With Finding of Third Skull.

MURDER THEORY IS GROWING

Kentland, Ind., Jan. 24—A grand jury investigation into the deaths of Mr. and Mrs. Willis O. Davis, whose bodies were found in the ruins of their farm home near Morocco, Indiana, Friday morning, was started here today.

Authorities who had the first inclination that the deaths were the result of accidentally setting fire to the residence, now believe that the aged couple were murdered and the home set on fire by those committing the crime.

Neighbors of Mr. and Mrs. Davis were called to testify before the grand jury. R. N. Davis, son of the couple, who lived on the same farm but in a different home, also will be called. The son was in Chicago on Thursday and returned home a few hours before the fire.

The mystery concerning the incident deepened today by the finding of another skull in the ruins of the house. Authorities were unable to explain the presence of the skull. No information concerning enemies the aged couple might of had, could be obtained and because of the fire no evidence of robbery could be found.

FARMERS BALLOT ON PENDING BILLS

Continued from Page One

Do you favor amending the county agent's law so counties may appropriate more than \$1,500 for this purpose?

Yes.

Do you favor amending the workmen's compensation law so the farmer is not liable for injury to workmen on his place not directly under his employ?

Yes. The farmer is not liable for injury of men employed directly by him but is liable if men employed by another, who has no compensation insurance, are injured while doing work on his farm.

Are you in favor of an efficiency survey of the state offices and institutions?

No.

Are you in favor of re-enacting the law requiring two days poll tax shall be worked out on the township roads?

No.

Do you favor a state police system?

No.

Do you favor state ownership and control of the state fair?

No.

Do you favor placing the stock yards under the public service commission?

No. But the sentiment of the meeting was that a special commission should be created to control

the stock yards.

Do you favor centralizing the schools under the county superintendent and abolishing the office of township trustee?

No.

Do you favor the enactment of a pure seed law?

Yes.

FAST GAME ON TOMORROW

All members of the Odd Fellows basketball team are requested to attend the practice tonight, in preparation for the game tomorrow night, when the Greensburg Legion team comes for a return game. The local team expects to turn the trick for the second time, but will not have an easy task, as the visiting team is also playing good ball. A large crowd of fans from Greensburg will accompany the team here.

The game will start promptly at 7:45, at the Modern Appliance building, no curtain raiser having been scheduled.

LOSE BY 3 POINTS

In a fast game of basketball Saturday night at Falmouth, the Moscow Independents won from the Fairview Athletic club, by a three point margin, the final count being 28 to 25.

DUNN DRAWS A LIFE SENTENCE

Continued from Page One

The relatives are hoping that in several years time, a pardon may be obtained, and the life sentence reduced, while if he was in the criminal yard for the insane, a release would be almost impossible.

When the life sentence was passed, Dunn showed little emotion. He possessed the same stillness of body that he showed during the former trial. His confinement in jail since last September, was beginning to tell on him, and his face was almost colorless.

HOGS BRING A GOOD PRICE

P. S. Daubenspeck of Glenwood Gets Top of Cincinnati Market

Glenwood, Ind., Jan. 24—Some good Rush county hogs sell high, considering market conditions and weight of hogs is what makes the shippers feel good when he locates the real salesman with a full force of competent help, which means service under present market conditions.

Making good as a hog salesman, at the Cincinnati Union Stock Yards Herman Walthers, better known as Duke Walthers, from Brookville, Indiana, now hog salesman and also a member of the firm of Stern, Strehel, Cobb & Walthers of Cincinnati, Ohio, is certainly making good.

He sold four cars of heavy hogs January 22 for P. S. Daubenspeck of this place, weighing 330 pounds average at 91 cents the top of the market, and a very strong price, especially for the weight of the hogs.

The Willis School Bill

The Willis school bill, known as House Bill No. 144, which would provide a twenty-cent state school tax, has many elements of worth, but there is still one stickler which has always been objected to by the wealthier counties of Indiana—namely, that they should help support the schools of the poorer counties. This objection is a provincial and selfish one, but the selfishness of the individual or of any given locality can not be eliminated. It is not the fault of the poorer counties of the state with large tax-not have equal school privileges with the richer counties. They are underprivileged because they have not equal advantages with their more fortunate neighbors.

There are just as good and wholesome people living in the poorer counties as there are in the more favored sections of the state, and there children are entitled to as good school advantages as are provided in the best parts of the Hoosier domain.

Admitting all of these arguments, there are few taxpayers in the counties of the state with large taxables, who do not oppose helping support the schools of their unfortunate sister counties. This dissatisfaction crops out semi-annually when the state school fund is distributed and the wealthier counties receive back from the state less than they pay in.

The difference between the amount paid in state school fund taxes and

NOT THE ONLY ONE

There Are Other Rushville People Similarly Situated

Can there be any stronger proof offered than the evidence of Rushville residents? After you have read the following, quietly answer the question.

A. M. Younger, retired farmer, 829 W. 10th St., Rushville, says: "I have used Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is bound to have more or less trouble with the kidneys. At times my back gets weak and lame. There is a dull aching through the small part, too. Then the kidney secretions are too frequent, causing me to get up at night."

Every time I have been this way I have used a box of Doan's Kidney Pills from Johnson & Co. Drug store and they have never failed to relieve me in a short time."

The above statement was given on August 26, 1915 and on November 5, 1920, Mr. Younger added: "I still think Doan's Kidney Pills are the best medicine made for kidney trouble. I use Doan's occasionally and get satisfactory results."

Price 60c at all dealers. Foster-Milburn Co., Mrs., Buffalo, N. Y. (Adv.)

THE TREND of LEGISLATION

BY GEO. W. STOUT
State Chamber of Commerce

Indianapolis, Ind., Jan. 24—While discussion of the issue raised by the primary law now has a prominent place in the Indiana legislature, there are other measures on the way. Many people, the taxpayer included, are fully as much interested in getting the tax law squared away as they are in arguments to abridge the primary law or to extend the scope of that much mooted statute.

In the public hearing on the primary bills in the senate one side enlarged on the importance of the party organization while the other element urged the rank and file of the political party for first consideration rather than the machinery within the party. Cool-headed observers are beginning to say that the road to appeal of the primary, state-wide provisions probably will not be all "asphalt." Those who favor extending the primary law to take in all state nominations are said to be organizing. At least they have opened headquarters. It remains to be seen how far they will go with their movement to retard the progress of the primary repeal plan.

With a budget bill yet to come, with the state police bill in prospect, with the bill to abolish the public service commission advancing toward the state of debate, with the new taxing policy at the point of emergence from the incubator, with the "blue sky" law amendment, the city manager, optional bill, the boxing commission, Sunday moves, the all-time healthy officers plan, the state school tax levy bill, constitutional amendments, appropriations, and a series of salary bills, road law amendments, the pure seed bill proposed by the combined grain men and farmers, and legislation for taking over and re-creating the State Board of Agriculture, not to mention scores of other bills, there is plenty to occupy the attention of the lawmakers.

Lieut. Gov. Branch has made a suggestion which is likely to cause discussion of a favorable sort. "Give the treasurer of state something for idle hands to do," is the gist of the suggestion. Mr. Branch advises against creating new boards and new commissions to perform tasks which might be done in the department of the treasurer of state.

Under existing legislation the office of the treasurer of state has been stripped of practically everything save the salary. It is little more than a checking department in connection with the office of the auditor of state, the treasurer looking after the depositing of the state's money from day to day. Yet the treasurer of state's office is a constitutional job and can not be abolished by statute. It is possible the auto license bureau may be moved from the office of the secretary of state to that of the treasurer of state, if this can be done constitutionally.

Speaking of tax law changes and plans to alter the existing system of taxation in Indiana, the lumbermen in state convention offer an interesting though probably futile special plan to lift taxation from new dwellings with the idea of encouraging the building of homes.

Now there is no question but that many homes ought to be built. The creation of these units of society,

basis of wholesome and stable government, must be encouraged in every possible way.

It happens, however, that under the 1851 Constitution of the State of Indiana no class of taxable property can be separated from the other classes of property for any form of immunity or discrimination, either in fixing valuation for taxation or in setting the tax levy. As to the justice, efficacy or wisdom of the lumbermen's plan for insulating new homes from taxation, there may be suggestive discussion. As to the bar raised by the Constitution against such immunity there can be no possible doubt. The bar is there.

In 1919 there was talk of providing in the then pending tax bill to adjust tax assessments on various classes of property so as to provide that this or that classification might under a horizontal levy pay only what it was fairly able to pay. For example, it was urged that intangibles drawing a low rate of interest or realizing a small income per year should be assessed at 25 percent of their true cash value instead of 100 per cent as the Constitution demands.

The fatal weakness of this plan was so clearly shown that it did not reach the dignity of argument, but was drawn from the bill before it was introduced.

The plan to relieve new homes from taxation is merely another method of attempting to classify property for taxation. This can not be done until the Constitution has been amended.

One of the constitutional amendments pending at this time for final action by the legislature before submission of the amendments to a vote of the people, would provide for a classification of taxables with a view to a fair and equitable adjustment of taxes on a basis of the ability of the property to pay.

Under a classification arrangement, following the amendment of the Constitution of 1851 and the modification of the general property tax law, new homes might conceivably be placed upon a taxing basis in practical accord with the suggestion of the lumbermen.

Many students of the tax situation point out that the home and home-maker should rather be rebated or credited on the books of society for establishing and properly maintaining a household and a family. This would not mean immunity from taxation of luxuries, but would reduce taxation on the things that are necessary for the upkeep of the American home at the American standard. The home is recognized as the surest safeguard and bulwark against bolshevism and red radicalism. The home, which does not produce an income or create profits and revenues, will some day be classified for taxation in a column entirely separate from those taxables which produce wealth from day to day. In this connection, also it is interesting to note that many states at this time place penalizing taxes against lands and lots not utilized for home-making, for productive industry or business.

A classification constitutional amendment might bring to Indiana some such legislation as this.

average daily attendance. One-third on number of teachers employed and one-third on basis of adequacy of the local support accorded under regulations to be adopted by the state board of education.

The 10 percent for the common school relief fund would be distributed by the state superintendent of public instruction, with approval of the state board of education, to school corporations in poor financial condition to pay teachers, school transportation or assist in the erection of school buildings. Local communities must first have done their full part in giving financial support before a school corporation financially poor may draw on the state relief fund.

A bill to be introduced in the state senate proposes doubling the cost of a marriage license. Dan Gupid should be thankful that he has escaped old H. C. L. even this long.

Now that the hunting season is closed, folks who "didn't know it was loaded" are engaged in pouring coal oil on the fire.

Everything points to the return of prosperity and all that remains is for prosperity to live up to expectations.

Sap and Salt

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Farm Bureau As Agriculture's National Voice is Powerful

(Reprinted from the Country Gentleman)

By HARRY R. O'BRIEN

The net result of all these things has been that in just one year's time the American Farm Bureau Federation, by virtue of its firm stand on these questions of nation-wide importance, its practical service in the interests of the farmer backed by its solid and widespread membership, has assumed leadership in a national way for the farmers of America. This has not been done at the expense or to the detriment of other organizations already in the field. Rather there have been cooperation and friendship between the Farm Bureau officials and leaders of the old national organizations.

But perhaps the most important thing accomplished by the American federation has been the building up of its membership. There is a total of one million five hundred thousand and paid-up members. There are now thirty-four states that have been admitted to the federation. By the end of next week's meeting these may have increased to forty. By that time Iowa will have completed its drive for 140,000 members. Illinois now has more than 100,000 and Michigan, Ohio, Indiana and New York are close behind.

Many states have followed the lead of the Middle West and have reorganized on a basis of five or ten dollar memberships. This has been especially true in New England in a section where such action was thought impossible a year ago.

This organization work and the membership campaign have been carried on by the individual states rather than by the national federation. The federation, however, has helped to plan the campaign. The officers and the executive committee have devoted a good share of their time to aiding in the work.

A comprehensive plan has been outlined for a study of the fundamentals of agricultural problems on a scale never before attempted by any organization or government agency, and this study has been put into the hands of the best equipped men in the land.

Three major projects have been outlined and set under way. These are: First, the establishment of a permanent bureau of farm economics; second, the appointment of a permanent committee of seventeen to study thoroughly the question of grain marketing; and third, a permanent committee of fifteen to make a similar study of livestock marketing.

This bureau of farm economics will be under the supervision of the following commission: Dr. Eugene Daenport, of the University of Illinois; Senator Arthur Capper, of Kansas; James N. McBride, formerly director of the Michigan State Bureau of Markets; Xenophon Caverio, of Missouri; Dr. G. F. Warren of Cornell University; and Henry A. Wallace, of Wallace's Farmer, Des Moines, Iowa. This commission elected Mr. McBride as president and Mr. Wallace as secretary.

As the first step in a solution of the grain marketing question, President Howard appointed the committee of seventeen, representing all interested organizations, to work out some system whereby the farmer might market his own product through his own organizations.

This committee was selected from among names submitted by the various farm organizations.

This committee of seventeen held its first meeting at Chicago in October and divided its work into five main divisions, each to be in charge of a sub-committee: Cooperative marketing methods, costs of marketing methods costs of marketing, storage and transportation, consumption and export, finance.

The question of marketing of livestock looms as large in the mind of the farmer as does that of grain marketing. A permanent committee of fifteen, not announced as this is written, composed of representatives of the various livestock organizations, will investigate livestock marketing.

Of a more practical and immediate nature was the action taken at the October meeting of the executive committee to organize a national wool pool. A committee headed by J. F. Walker, had already been appointed to consider the matter. It found that by September nearly 30,000,000 pounds of wool had been pooled in fourteen states. A central selling agency will be created to handle these pools on a nation-wide scale.

Three other steps of wide importance have also been determined upon. One of these is to institute a traffic and transportation department. A second is to create a department of education, one of the big jobs of which will be that of publicity.

The third step is to undertake a study of national taxation laws, to make sure that any revision of such does not shift a greater burden

Crowded WITH SAVINGS

ings being held at the church, conducted by the Rev. L. W. Munhall.

Mr. and Mrs. L. B. Miller entertained with a prettily appointed dinner party today at their home in North Perkins street. Covers were laid for Mrs. Alma Miller of Riverside, Calif., and Miss Jessie Anderson living south of the city.

Miss Roxie Kennedy, daughter of Mr. and Mrs. Reuben J. Kennedy, living near Glenwood, and Wendell Phillips Gray, son of Judge George Gray of Connorsville, were quietly married at the Main Street Christian parsonage, Saturday evening, by the Rev. L. E. Brown. The young couple are well known in and around Glenwood and in Connorsville. They will make their future home in Connorsville where the bridegroom is employed.

The third division of the Social Club will entertain the remaining members of the club with a dinner dance Wednesday evening in the club rooms in North Morgan street. The captains, Mrs. Robert L. Tompkins and Mrs. Vincent Young, request the ladies to bring their dishes early in the afternoon and to notify them if they are planning to have guests. The Ki-Barber Hoosier Four orchestra of Indianapolis will furnish the music for the dance.

Mr. and Mrs. E. W. Ross, of North Oliver street had as their dinner guests Saturday, Mrs. Luther Rucker and daughter Evelyn and son Luther, Jr., Mr. and Mrs. Harry Collins and daughter Delpha Marie.

On Sunday Mr. and Mrs. Ross had as their guests Mr. and Mrs. Gary Oldham and son Raymond, Mr. and Mrs. Court Oldham and daughter Margaret, Mr. and Mrs. Lowell Garten, son Loyd and daughter Marjory Ellen and Mr. and Mrs. Garland Newkirk and sons, Howard and Robert.

Miss Donnan's class in Literature met on Saturday afternoon with Mrs. Will Bowen. The very interesting volume of essays by Agnes Repplier "Points of Friction" was discussed and a novel by Mrs. Virginia Woolf, "The Voyage Out". After the intermission another chapter in Mr. Cabell's "Beyond Life" was talked about and illustrated by one of the old players of William Congreve. As usual at the beginning of the lesson Miss Donnan spoke of some miscellaneous things of literary interest.

This meeting was the last of the present series, but as a number of the class members wish to continue for another term, Miss Donnan may return for seven more lectures. Any ladies who have not been taking the course this year but would like to join for the next term, may get information about it from Mrs. Jane Kincaid, Mrs. B. F. Miller, Mrs.

Harrie Jones, or Mrs. F. R. McClannahan. Miss Donnan has an Indianapolis class which meets every Thursday morning in the Public Library, a Tuesday night one largely attended by teachers and librarians; also classes in Anderson Greensburg and Shelbyville.

The Pastor's Aid Society of the Main Street Christian church, will hold their regular monthly meeting tomorrow afternoon at 2.30 o'clock in the parlors of the church.

IS SERIOUSLY ILL.
Frank Brown is seriously ill at his home in West First street, suffering with heart trouble.

Quaker Minister Is Grateful to Tanlac

REV. PARKER MOON

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

Call The Shoe Surgeon

and let us show you what modern methods do towards putting old broken shoes "back on their feet." After treatment in our shop, equipped with factory machinery and shoe experts, they will be returned to you restored to strength and neat appearance at a reasonable cost.

We close at 6 P. M. Except Saturday.

CELEBRATE TERCENTENARY

Three Stamp Issues Commemorate Landing of Pilgrim Fathers

In addition to the issue of two-cent stamps celebrating the anniversary of the landing of the Pilgrim Fathers, the postoffice also is in receipt of one- and five-cent stamps for the same purpose.

In observance of the tercentenary anniversary, all three issues bear the dates "1620" and "1920" in the upper corners of the stamps. The one-cent stamps are green and bear a picture of the Mayflower. The five-cent stamps are blue and in the center is a picture, "The Signing of the Compact".

All three issues are oblong in shape and in this way may be easily recognized.

TO INSTITUTE A GROVE.

Rushville Grove No. 6, Tall Cedars of Lebanon, are going to Milroy Wednesday evening of this week to institute a grove at Milroy. Probably 75 or 100 will go from here. They will be entertained with a 6:30 banquet at the Christian church. Following the banquet the degree work will be at the Modern Woodmen hall.

Knights Templar.

Rushville Commandery, No. 49, K. T., will postpone the conferring of the Temple degree which was to be given on Thursday evening.

Farm Bureau as Agriculture's National Voice is Popular

Continued from Page 5.

from industrial interests to the farmer. In this matter the Federation has had the advice of Prof. T. S. Adams, of Yale University.

The Farm Bureau referred to its members early last summer the Nolan taxation bill, now up for consideration in congress. The vote was almost unanimous against the bill.

A second referendum deals with compulsory arbitration of labor disputes affecting interstate carriers, public utilities and the public safety of all disputes between employer and employee, and the repeal of the Adamson law.

When this referendum gets to working smoothly it will be possible to show how farmers by the million think on a bill before Congress or on any national problem. The day of self-appointed leaders, professing to speak for the farmer, of misrepresentation of farmer sentiment, will be over.

Amusements

At The Princess 2 Days

Another of William Gillette's gems of the American stage will beautify the silversheet when it is shown at the Princess theatre today and Tuesday.

"Held by the Enemy", was one of the greatest of American dramas, and in its screen form it is said to be more vivid and gripping than the play itself.

"Held by the Enemy" is a drama of tense emotions and big vital human situations—a story of love and

loyalty and unselfishness, hate and treachery and human passion. It is filled with powerful moments and the underlying theme depicts the triumph of love and devotion.

There are many, big, striking roles in "Held by the Enemy". Lewis Stone, well known New York actor, takes the part of Captain Gordon Hayne. Agnes Ayres, an actress of many accomplishments, was chosen to portray Rachel Hayne, and charming Wanda Hawley plays an equally important feminine part.

Jack Holt who will be remembered for his work in Tourneur's "The Life Line", and also in "Victory" does his best work in this picture, while Robert Cain plays the heavy man situations—a story of love and

Hiers, the funny fat boy actor, supplies the necessary comedy. Other important players are Josephine Crowell, Lillian Leighton, Robert Brower and C. H. Geldart.

Whole Town in Picture.

"The Stealers," William Christy Cabanne's celebrated photoplay of the humanities, the Robertson-Col super-special which opens at the Mystic today for a run of two days, is perhaps the only film to be taken in the history of motion pictures in which virtually every inhabitant of a city took part.

Much of the action and the dramatic climax of the piece is set in a small city. Mr. Cabanne, who wrote as well as directed and produced the photoplay, after an exhaustive search for a suitable location finally decided that Haverstraw, N. Y., was the place.

There the company repaired. Inasmuch as the script demanded a street fair Mr. Cabanne got in touch with the local authorities and permission was granted to use the public thoroughfares for the purpose.

Interest in the doings of the visiting actors was at fever heat and when the time came to "shoot" the fair scene the population of the city clamored to be permitted to witness the event.

Then it was Mr. Cabanne had his big idea. Why not make use of the townfolks as the actors instead of employing thousands of extras? Why not, indeed? The mayor was seen. By proclamation a holiday was declared, the factories shut down, business houses closed, and the entire population of the city turned out to attend the make-believe fair, but principally to be photographed for "the movies."

More than 5,000 persons—from the mayor down—were counted by Mr. Cabanne's assistant directors, and the scene which resulted is said to be the most spectacular of its sort ever taken for a motion picture.

3RD NUMBER LYCEUM COURSE

The Warwick male quartet will be the third attraction of the lyceum course of the American Legion of Mays, which will be at the Mays Opera-House on Wednesday night January 26 at 8 o'clock. Every season ticket holder is entitled to attend. The company consists of Mr. Hughes, tenor; Mr. Craig, second tenor; Mr. Gamble, pianist and baritone; and Mr. Smith, bass and reader.

GIRL'S STATEMENT WILL HELP RUSHVILLE

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree with. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. F. E. WOLCOTT—(Adv.) Z-1

JAMES E. DOWNEY DIES AT MORRISTOWN HOME

Well Known Carpenter Expires From Effects of Influenza After Illness of Two Years

RELATIVES IN THIS COUNTY

James E. Downey, a carpenter died Saturday night at his home in Morristown after being ill for two years, suffering from the effects of influenza, from which he never fully recovered. The deceased was an uncle of Mrs. Glen E. Moore of this city.

He is survived by a widow, a son, Orval Downey of Kansas City, Kas., and a daughter, Mrs. James Black of Whittier, Calif., besides three sisters, Mrs. W. T. Newhouse of Arlington, Mrs. Alfred Bogue of Kokomo, and Mrs. Lillie T. Baird of Richmond. Several nieces and nephews also survive.

Mr. Downey was a well known carpenter of Morristown and was especially known in and around the Arlington vicinity. He was 67 years old, at the time of his death. The funeral services will be conducted at the late residence in Morristown Tuesday morning at ten o'clock, and burial will be made in East Hill cemetery, at Arlington.

MRS. ALVA JUNKIN ILL

Mrs. Alva Junkin is suffering with a severe illness at Phoenix, Arizona, according to word received here, and is taking treatment in a hospital. Mr. and Mrs. Junkin are spending the winter in Phoenix on account of their daughter Josephine's health which is improving.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods, yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and heavy. Note how they clear clouded brains and perk up the spirits.
